ABOUT US:

Glitchmachines was established in 2005 by sound designer Ivo Ivanov. During the early stages of the company, we were focused on building handcrafted circuit-bent hardware instruments. We sold a limited number of units through boutique synth shops in California and custom made instruments for numerous artists and sound designers. In 2010, we shifted our focus to creative audio plugins and sound effects.

REQUIREMENTS & FORMATTING:

- Approximately 785 MB of hard drive space
- 785 MB of 24bit 96kHz .wav audio files (100 samples)

SETUP:

Unpack the Spore .zip file and place the entire folder in any location of your choosing, such as an internal or external hard drive in your system. The .wav samples can then be accessed by standard means, such as importing them directly from within your DAW or sampler. We recommend that you store a backup of the original zip file in the event that you ever need to recover overwritten files, etc.

SPORE OVERVIEW:

Spore is a FREE pack of futuristic sound effects designed by Ivo Ivanov.

This pack was revamped in July 2022 and now includes all of the content previously available in a separate pack called Cybernetics. As such, Cybernetics has been discontinued.

Spore features an exclusive collection of sound effects with a high-tech sci-fi aesthetic. You will find a highly useful selection of hyper-stylized sub bass impacts, massive cinematic drones and eerie mutated atmospheres that defy categorization.

Our free downloads feature exclusive releases developed with the same uncompromising production values as our paid products. These critically acclaimed free plugins and packs have been featured on countless 'best-of' lists and are favorites among electronic musicians and sound designers.

While our sound effects are carefully designed to work with your favorite samplers and DAWs, they pair up particularly well with our own brand of audio contortion devices. Our wide selection of packs grant Polygon, Cataract and Palindrome users access to thousands of fresh ingredients.

Thanks for downloading SPORE!
